SUMMARY

Google Ads for the Paramus office spent **$911.99** and produced **47 conversions** at $19.40 each, on a 5.24% click-through rate. August recorded $331.99 of spend and a single conversion, so the month-over-month percentages are not a like-for-like comparison. The two Google Business Profiles were seen **2,256 times** and produced **144 calls**: Paramus was up on calls and website clicks while Fort Lee was softer. The Paramus website drew **1,008 sessions** from 830 visitors, level with August, with paid search visits up from 120 to 217.

Cross-network	**4**	**0%**

WHAT WE RECOMMEND NEXT

- The Google Ads campaign converted at $19.40 per conversion in September. We recommend holding the budget through October to confirm that rate over a second month before considering any increase.
- Fort Lee was down across the board on its Business Profile — calls 97 to 82, direction requests 88 to 62. Refreshing the profile's posts and photos is the first step, and we will report back next month.
- Paramus calls from Google rose 29% (48 to 62) and website clicks 48%. Review replies and weekly posts continue on both profiles.
- Website analytics for the Fort Lee site recorded no visits in September (51 in August), so the tracking tag needs checking. Once it is reporting again, this report can cover both offices.

Method & definitions: September 1–30, 2026 vs August 1–31, 2026. Google Ads from Google Ads. Google Business Profile figures from the Business Profile performance data (via Paige); "profile views" counts people who saw the profile on Google Search and Maps. Review totals as of October 9, 2026. Business Profile figures cover the two listings connected to reporting. Website figures from Google Analytics 4 (sessions by default channel group). Website figures cover the Paramus site only.
